“With years of experience and a new interface, Cloudiway offers a solution to MSPs and IT Professionals.”

## Pioneer In Teams Migration

Since 2019, Cloudiway has been at the forefront of Teams migration, providing a simple, secure, and fast migration process.

The platform supports migration from various sources, including **Exchange**, and **SharePoint**. Cloudiway has improved its Microsoft Teams migration tool over time, and the product is now the most robust and intuitive on the market.

## Make It Simple

Don't let the fear of a complicated Microsoft Teams migration hold you back.

Cloudiway's Teams migration solution helps businesses perform elaborate technical migrations through a simple SaaS interface. Migrating teams requires no additional software installation or overhead, and migrations can be performed securely and quickly.

## MICROSOFT TEAMS MIGRATION

The expansion of MS Teams within companies and extensive accounts is a strong trend toward cloud computing and collaboration tools that will continue to develop.

Microsoft Teams has become an essential tool for businesses, enabling them to collaborate efficiently. However, migrating to Teams can be complex, especially for organizations with large amounts of data and users.

Cloudiway comes in here, offering a comprehensive solution for Teams migration. It is an all-in-one solution that simplifies the migration process, ensuring that users can quickly and easily migrate their Teams environment from one tenant to another with minimal disruption.

### Migrate Teams with a complete set of features!

Here's a look at some of the features and benefits of using

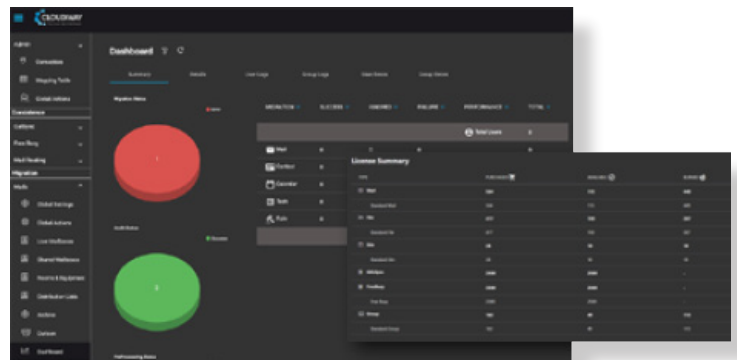

#### Cloudiway for MS Teams migrations:

- » Audit, create, rename, and discover your teams and channels to migrate.
- » Manage and migrate all teams, Groups, and Microsoft SharePoint content.
- » Split, and merge your teams (one-to-one,

one-to-many, or many-to-one channel).

- » Everywhere you want (Teams, SharePoint sites, libraries, or folders).
- » If the source is an Office 365 group (not a team), there is an option to convert it to a team.
- » Maximum throughput, working around throttling limitations using Microsoft API's.
- » Automatically creates teams at the target.
- » Permissions and membership retention.
- » Batch migration and delta passes.
- » Migrate one-one private messages and chat groups messages
- » Inject / Rehydrate directly into the chats.

### Follow the entire process and its progress in real-time from a simple interface

## SECURITY AND COMPLIANCE

Cloudiway Teams migration tool ensures that data is migrated securely and in compliance with industry standards. Providing features such as data encryption and multi-factor authentication to ensure maximum security. Cloudiway SaaS is hosted on Microsoft Azure, and it means that Cloudiway benefits from Azure's security, ensuring the safety of the infrastructure.

#### More specifically:

- Cloudiway does not store your mail, files, or site data.
- The migration takes place in memory only: the migration engine connects to the source, pulls data, and pushes it in real-time.
- Connections to the source and the target are done using HTTPS, so no data is transferred unencrypted over the internet.
- Nothing is stored internally.

## More Services With Cloudiway

Careful planning and smart configuration are the keys to any successful migration. Aided by Cloudiway support, our customers have a proven, stepwise way to a successful, high-fidelity migration.

Consulting services complete the solution and make it possible to rely on an expert consultant to implement your migration project with Microsoft Teams.

## All-In-One Solutions

If you are moving files and mailboxes on the way, Cloudiway offers a package that covers all your needs. It is possible to migrate collaborative tools like Google Shared Drive or Slack to Teams and to rationalize the communication points.

## WHAT IS MIGRATED?

- » Microsoft Teams

Instead of Highlighting “The Audit Feature”, Highlight the migration of One-One Chat messages

**The Audit feature** is a great way to measure the number of channels, conversations, files and members before starting the migration.

### COMPREHENSIVE MIGRATION

Migrate all aspects of a Teams environment, including channels, files, conversations, and settings.

### PRE-PROCESSING TOOL

The pre-processing tool creates the team at the target if it does not already exist. It ensures that the migration account will have all the necessary permissions during the migration.

### HIGH AVAILABILITY

99.9% guaranteed availability. All data transfers are encrypted.

## SharePoint

Cloudiway has a powerful Share-Point migration engine. The associated SharePoint site of the team is entirely migrated. Including menu,

publishing pages, libraries, fields, Termstore, subsites, etc.

## Microsoft OneNote

Cloudiway plans to roll out more features and functionality for Teams migrations. If you didn't find what you are looking for or have any

concerns, do not hesitate to contact us.

## Planner

• Each team and Office 365 Group is created with a Microsoft Planner, retrieving statistics for Planner usage is not possible,

- Task Title, Buckets, Assignees, Progress, Start and end dates are migrated.
- Labels and Checklists are migrated,
- Description and Attachments (Links pointing to old SharePoint sites will not be translated).
